BILL LARGE'S 1947 MERCURY DEBUT AT THE 2022 DETROIT AUTORAMA

The new Merc is a contemporary Street Rod that is chopped, lowered, has an engineered modern suspension, powered by a modern 350 GM drive train. Over a 12 year time frame, Bill did all the work himself including paint!

The custom top & interior was done by *Jeff's Upholstery*.

Bill's plan is to drive the new Merc until the wheels fall off!
